- Donor Wall Plaques (50).....\$500 ea
- Leave a Legacy Paver (200).....\$250 ea

About Us

HSWC has been helping lost, stray, and abused animals in Wayne County since 1990. Over fifty thousand animals have crossed our threshold to receive food, shelter, medical care, compassion, and ultimately their *forever* homes through the efforts of our dedicated Board of Directors, staff, and volunteers.

Please help HSWC continue the tireless work of fulfilling our mission to provide a humane facility to shelter, feed and care for the lost, unwanted, and abused animals of Wayne County, NY and to provide a facility for humane education to citizens of Wayne County. Ways to donate include gifts of cash, gifts of stock, qualified charitable distributions, bequests, recurring gifts, and matching gifts.

FROM HOPE TO HOME

Building a brighter future for the lost, unwanted, and abused animals of Wayne County

Dude came to HSWC as a stray

WHY A NEW SHELTER?

The need is great, and the time is now...

HSWC operations are currently incredibly limited by space and an outdated facility. A larger updated facility means better care for more animals.

Dude looking quite dapper before leaving HSWC for his furever home

The space to care for more animals

We take tremendous pride in our reputation as a socially conscious animal shelter that does not euthanize animals for space. Our compassion and responsibility to the animals in our care is known statewide. We must continue to lead by example with a new and updated facility to serve as the hub for Wayne County's lost, stray, and abused animals.

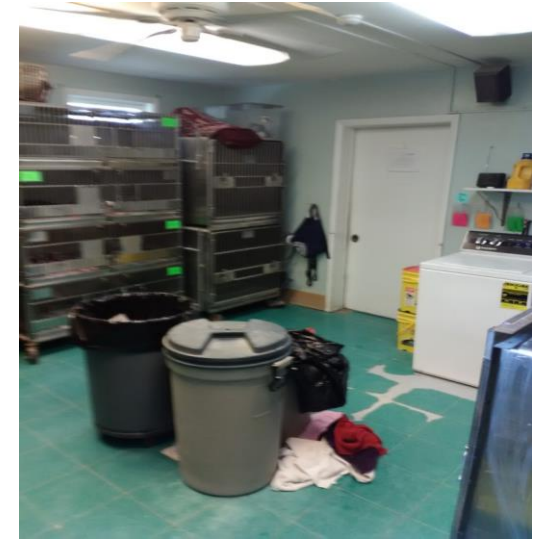

"This is an exciting time for HSWC and our team is proud of this worthy effort. I hope that you will join us as we build the future of the Humane Society of Wayne County together." —Mark Plyter, Executive Director

More programs for the community

HSWC currently has no classroom or training space. Humane education is part of our mission, and we cannot effectively provide that service.

More space for staff

The office area is a shared space with no meeting area. The office area also holds the scale for weighing animals and serves as a storage area for donations and refrigerated medical supplies.

Current laundry area and animal intake area

An updated and more spacious facility

HSWC not only faces challenges of space but also deteriorating building conditions. HSWC does not have a sprinkler system or air handling system. Currently, there is no air exchange or air conditioning and HSWC relies on multiple window a/c units to keep animals and staff comfortable during warm months. Floors are cracking (see picture above), and the ceilings are stained from previous roof leaks. Outside dog kennels are rusty and require daily maintenance. HSWC also lacks appropriate quarantine, intake, and meet and greet areas.
